Project Details

Major project –

Portfolio website
This is a simplistic personal website with a clean look that provides online information about me. It was built using basic HTML, CSS, and JavaScript in order to provide users a simple yet pleasing look.

Simple restaurant website using HTML, CSS and JavaScript
Here I made a simple website using HTML, CSS and JavaScript targeting the main attraction in Nepal for the purpose of Visit Nepal 2020 which provides brief description of the famous destinations inside Nepal for visiting.
